Settlers Coming In.

Three more train loads of Manitoba settlers left Toronto yesterday.

New School Bill.

Debate on the new school bill in the Manitoba legislature still continues. A. F. Martin spoke from 22 o'clock till 7:30 on Thursday, opposing the bill, which is sure to pass.

Suicide.

Frank Allen, merchant, Cobourg, committed suicide by blowing out his brains.

Body Found.

The body of Rowlands the missing New York drummer, was found in the river at Chicago. The body showed marks of violence. It is believed to be another Cronin case.

Bill Rejected.

In the British House of Commons the Irish Land Tenure Bill was rejected by 231 to 79.

The Morton Tragedy.

Morton, the old man who murdered his son and daughter-in-law at Miami, pleaded guilty. He said he killed them because they were killing him. The trial commences on Monday next.

Railroad Accident.

A serious accident occurred on the C. P. R., east of Pembroke, near Graham's bridge. A Winnipeg east bound train left the track. All the coaches, including the second-class, first-class, Pullman and dining car went over and now lie wheels up. Several passengers were injured, though not seriously. A dining car waiter was hurt most severely. The accident was caused by the rails spreading.

Water Still Rising.

The rivers of the Southern States are still rising. The railway tracks are all under water, and rain continues to fall. The water has reached the highest point ever known.

Resigned.

Cameron, manager of the Toronto Globe has resigned and resumes charge of the London Advertiser. C. W. Taylor takes his place.

Explanation Necessary.

The British ship Craighead has been seized by the United States Government at Tacoma. The British Government will demand an explanation.

Court Meeting.

The Exchequer Court meets at Regina on June 16th.

Ryker Defends.

OTTAWA, March 14.—Mr. Cartwright, attacked Ryker in an able manner and demanded his censure by the House. Ryker defended himself very strongly and retired from the House. The debate has been adjourned.

Dissatisfied.

The Manitoba and Northwest members seem to be dissatisfied with Dewdney's actions in regard to Northwest matters and have told him, as they claim, that he does not take the interest he should.

Guarantee Wanted.

Louheed moved a resolution in the Senate for a Government guarantee of sixty million dollars to introduce one hundred thousand settlers into the country.

Serious Fire.

Owen Sound had a sixty thousand dollar fire this week.

By fire in Regina this morning the business portion of the town was destroyed. The fire is supposed to have started in the Palmer House at 3 o'clock. A strong east wind was blowing. The following are the buildings burned.—Palmer House, Smith's hotel, Smith and Ferguson's hardware, J. W. Smith's hardware, J. J. Mowat, dry goods, Second's law office, J. Williamson's candy store, J. E. Scarlett's general store, J. F. Sprague's general store, LeJeune, Smith, & Co., bank and C. H. Black's stationery store. The people pulled down Sprague's store on next block to stop the fire.

The Bremner Case.

A committee on enquiry into the loss

of Bremner's furs at Ottawa met and organized. Witnesses are being summoned from Battleford.

DUCK LAKE.

Mr. Ambrose Fisher, our worthy postmaster, has been confined to his room for a week with la grippe, but is now recovering. He is very much missed in our streets.

Inspector Wadsworth, has returned from Snake Plains, and leaves next week for Regina.

Harry Parker, who has been clerking for Mr. Wadsworth, will visit your town before returning to Battleford.

Our blacksmith, Mr. Brunelle, left for Battleford on Thursday, to bring down his family and the balance of his tools. As soon as he returns he will open his shop.

Fresh eggs are now very plentiful and are sold at 25 cents per dozen.

The tie contractors are getting in large quantities of oats from Troy.

The belfry blown off the R. C. church some time since will be again put up in a few days.

Mr. Marion and Mr. and Mrs. Lafond, are on their way from the east.

On Tuesday last Mr. Kelly, of Erin's court, had one of his valuable mares badly staked in the breast. The vet. took out a piece of wood over one foot long.

Contractor Matheson has discharged his men, and will get his stock ready for the spring work. Mr. Matheson has been cutting ties for Mr. Madigan.

Mr. Hillyard Mitchell has decided to remain a month longer in England, and will not reach here before the 1st of May.

Weather fine and mild.

BATOCHÉ.

Mr. Eugene Boucher, of Fort la Corne, was here last Sunday. He reports everything quiet and dull since la grippe visited them. The Indians could not get any furs and many of them were starving when he left.

Several cases of starvation have also been reported from Muskeg Lake, both among half breeds and Indians, and assistance was taken to them by the police from here after it was ascertained that the cases were very bad.

Five or six outfits of freighters left here on Tuesday, to go to Green Lake, taking goods for the Hudson's Bay Co. to that post. The roads are said to be very bad going that way, and they expect to have a pretty hard time of it.

Rev. Pere Dommeau was here yesterday making an inspection of the schools, and proceeded to Fish Creek this morning.

Contractor Matheson, has rented a stable from Mr. Jean Caron to put his gang of horses in, which he will soon bring out here in readiness to commence work on the right of way as soon as weather permits.

Supt. Perry of your town is here since last night.

A freighter named Montour, who left here in January for Qu'Appelle, has not turned up yet.

Mr. Boucher, of St. Louis De Langevin, lost a very valuable mare lately by her neck getting broken in the stable.

Our popular Sergeant in charge here is suffering from a sore eye for the last few days. He is wondering why both are not sore, as he does not like the idea of wearing a pair of goggles only for the sake of one eye.

BATTLEFORD.

Const. Purkis, who spent the winter east on leave of absence, returned by stage on Friday.

Inspector Chalmers went to Pitt last week on an inspection of the Mounted Police outpost there. He encountered bad roads and some rough weather.

Battleford has been erected into a stock district and all owners of brands are now required to register them. Hugh Richardson, jr., is recorder.

Posters are out inviting tenders for landing the stone required for the loading the piers of the Battle River bridge.

FRIDAY, MARCH 14, 1890.

The coming season demands energetic action on the part of every citizen of the district if we hope for any of the benefits which accompany the incoming of new settlers. It has become quite the general practice for settlements in the east to send out prospectors to spy out desirable western locations for settlement and this year our public men and the several Societies will be expected to see to it that the advantages offered within this district are made known throughout the whole of eastern Canada. Our Town Council have a particular duty to perform in this respect, and we trust they will not hesitate to follow the example of other leading towns within the Territory; to them more than others we look for a general distribution of reliable information. It simply requires a straight statement of facts to convince Eastern people that we offer inducements worthy of their serious consideration.

Mr. Betts informs us that the district pamphlet will in a few days be ready for the printer; are our city fathers considering the wisdom of securing a large number of them, for their own use.

Are the members of the Agricultural Society aware that the public expect them to develop an active immigration scheme. Are they considering the importance of sending reliable agents to the east at an early date; not individuals who may wish to take advantage of a pass to cheapen a trip, but men who are willing in the interests of settlement to undertake the journey. We look forward to the coming meeting of Directors for some action on this very important question.

It begins to look ominous for the amusement of dancing, more especially that favorite form of the terpsichorean art called the waltz. Fashion at headquarters is frowning terribly upon it, and will soon compel her abject devotees in all parts of the civilized world to conform or be excommunicated. Following quick upon the report that Herr Strauss, the musician and composer, is about to put forth a new dance, combining the minuet and waltz, owing to the decline in favor at Vienna, at Berlin, at Paris, at London of the latter, comes the declaration of the Paris *Figaro* that waltzing is going out of the fashion in that centre of gaiety and social splendor. The influence of Paris in such matters is known to be great, and as the other European capitals exhibit a similar, though less marked tendency, the effect upon America cannot be long delayed. The suitability of dancing for invigorating climates like those of America may stave off the difficulty for a certain time on this side of the Atlantic, but the day of doom must come, because the social axiom that one might as well be out of the world as out of the fashion has not lost its power.

ANNUAL MEETING.

On Wednesday evening last the annual meeting of the Saskatchewan Provincial Rifle Association was held. The secretary, Mr. Agnew read his annual report, showing the affairs of the Association to be in a very healthy condition. The report was adopted, after which the auditors paid Mr. Agnew a high compliment for the satisfactory manner in which the affairs of the Association had been attended to by him. On motion \$20 was ordered to be set aside to procure a testimonial in recognition of his valuable services. The following are the officers elected for the ensuing year:

President—Major Perry, N.W.M.P.
First Vice-President—F.C. Baker.
Second Vice-President—J. Mackay.
Sec. Treas.—T. J. Agnew, re-elected.
Council—Capt. Norman, T. E. Baker, J. L. Johnson, J. D. Maveety, J. D. Hanafin, W. Parker, W. H. Gordon, W. Kerr, H. W. Newlands and A. Goodfellow.

Patron—Lieut. Governor Royal.
Vice-Patrons—Hon. L. Clarke, D. H. Macdowall, M.P., Justice McQuire, J. F. Betts, M.L.A., Mayor Knowles, J. L. Johnson, J. Stewart, T. Swanston and W. Plaxton, M.L.A.

D. R. A. Representative—Captain E. Waldo.

Auditors—J. L. Johnson and S. Brewster.

A letter was received from Mr. Betts, stating he would endeavor to secure a grant of \$50 for association purposes.

Also a letter from Mr. Macdowall offering a valuable water pitcher for competition this year.

A challenge was received from the Macleod Association naming the days for two matches during the summer.

After votes of thanks had been passed to the retiring officers, the meeting adjourned.

A GRAND VALLEY—THE SASKATCHEWAN.

Through there was laid down the original line of the Canadian Pacific Ry., and the pioneers who then went there expecting that line, which was afterwards diverted, have never regretted their choice.

Now that two or more lines are making through that rich section, and before long we may expect a tide of immigration settling in there. It is a rolling country well dotted with clumps of wood, some of large extent, and fully supplied with good water. It is both a grain and a cattle country and is not liable to severe storms and change of climate. The country is beautiful in its general appearance and well adapted to occupation by people of varied tastes. Besides the general settlement of the country, there are several towns already in it with all the attributes of active business centres and only needing close and rapid connections with the outside world to become very important. One advantage possessed by the country mentioned is the regular publication of able journals as the *Herald*, at Battleford; the *Times*, at Prince Albert; and the *Bulletin*, at Edmonton; and they have steadily advocated the advantages and attractions of their field, doing it in an impartial and proper manner, and are now within touch of reaping their reward.—*Colonist*.

Mr. T. O. Davis has secured the services of Mr. J. Wignmore as manager of his ranch.

The medals for the Prince Albert volunteers and Mounted Police who took part in the Duck Lake fight, about which so much has been said, have arrived and are being distributed by Supt. Perry, but a great many of those entitled have been left out. We understand some of the volunteers, among them Capt. McKay, have refused to accept their medals, claiming that all have not been fairly treated by the government, and that the force here should have been placed on the same footing as the Northwest field force.

THE DYING BOY.

"Mother, say why are you weeping,
 And thus beside my bed,
 When this weary youth is sleeping,
 And from tears your eyes are red?"
 "An old child I thought you sleeping;
 And a rosy I said."
 "Mother, do not thus be grieving,
 And all hope for me is vain;
 In you weep that I am leaving
 Such a world of grief and pain?"
 "No my child, in love believing,
 We shall meet in heaven again."
 "Mother, where the flowers are springing
 Make my grave among the trees,
 That a requiem may be singing,
 Always over me in the breeze."
 "My child, my heart you're wringing
 In such better thoughts as these."
 "Mother, 'tis not death before me,
 But a blissful hour on my cheek;
 In any later—'till I depart me,
 'Till my poor old heart will break."
 "My child, may heaven rest on thee,
 And the comfort we must seek."
 "Mother comfort him and give him
 The—say little cross—
 Mother, cheer him, do not grieve him
 When his heart of mine has cold."
 "My child, all heart will leave him,
 And he will not be comforted."
 "Hush, hark! what voice is saying
 'Sweet heart, come away!'
 And sweet music playing
 Somewhere near me all the day."
 "Hush, my child, 'tis I am praying,
 'Twas an echo you heard say."
 "Mother, mother who is crying?
 And why turn you now so pale—
 Now I know that I am dying;
 'Tis the Banshee's mournful wail!"
 "Hush, my child, 'tis but the sighing
 Of the forest trees in the gale."
 "Mother! Ah! my sight is growing
 Dim, my feet are cold as lead,
 Kiss me, mother, I am going
 Up the weary stairs of death!"
 And the mother's tears were flowing
 Over the features of the dead.

PORT ARTHUR, Feb. 28.—Representatives of the American syndicate who purchased last season from the Government of Ontario some 30,000 acres of iron lands in the Port Arthur district arrived yesterday. They propose commencing work immediately on some of the locations adjoining the line of the Port Arthur, Duluth and Western Ry. which will be completed to the iron range by July 1st.

TORONTO, Feb. 28.—A general committee of the general conference of the Methodist church in Canada, met here yesterday and unanimously decided that in view of the near approach of the next general conference it would not be advisable to fill the vacancy caused by the death of Supp. Williams at the present time, but that the matter should be left to the action of the general conference.

LONDON, Feb. 28.—The friends of West Australia in the House are organizing a movement to fight the emigrant clause in the Australian bill which they contend permits the government to flood the country with unwelcome residents. On this point there will be a severe struggle, it being evident that the Government is determined on making Australia a general dumping ground for obnoxious classes.

WASHINGTON, Feb. 28.—The Senate committee investigating the leakage of proceedings in the secret sessions of the Senate, had a number of newspaper correspondents up before them yesterday. WASHINGTON, Feb. 28.—Representative Anderson, of Kansas, spoke in favor of his railroad bill before the Pacific railroad committee of the House to-day, confining his remarks principally to the Union Pacific roads. The bill favors putting the road in the hands of a receiver. Anderson told the committee that the whole west was worked up over the Pacific railroad question. People protest against exorbitant freight rates which were he claimed, the result of combination on the part of railroad companies. Corn worth thirty cents in Kansas was sold for fifty cents in New York, on account of these rates. Anderson referred to Jay Gould as a tyrant and a bright man. He claimed that the Pacific roads have violated their charter obligations and urged the passage of his bill as a settlement of the controversy concerning them.

PITTSBURG, Feb. 24.—W. M. Crook, of Adamsburg, took to his home this afternoon a stick of dynamite and placed it in the stove to dry. In the course of ten minutes a terrific explosion occurred. The kitchen was blown to atoms and a piece of the stove shot into an adjoining room striking Wm. Stemetz on the breast and killing him. Flying missiles struck Crook and his wife and child, who were in the adjoining room, and it is thought they were fatally hurt.

SASKATOON.

The missing men Clarke and McCallum, for whose safety grave fears were entertained, arrived safely at the Indian reserve, eighteen miles north of here, on Sunday of last week. They experienced a good deal of hardship from the time they left Moose Jaw on January 9th, till their arrival as above stated at the reserve. The most of their time was spent between Buffalo Lake and a ranch in the Qu'Appelle valley. They found snow lying ten feet deep in places. After which they were fourteen days getting to the edge of the Saskatchewan, a distance of only twenty miles, during which one of their horses died and they were compelled to abandon their loads and come home with empty jumpers.
